Descripción

La infancia y la adolescencia de EDMONDO DE AMICIS (1846-1908) coincidieron con la cristalización en Italia del poderoso movimiento de unidad nacional en el cual colaboró activamente como oficial del ejército que llevaría a la creación del estado italiano moderno. Autor de novelas, de libros de poesía y de viajes, así como de estudios militares y literarios, el escritor genovés debe, sin embargo, su fama universal a CORAZÓN, obra publicada en 1866 que obtuvo de inmediato un enorme éxito de público. El elogio del trabajo honrado, la exhortación al patriotismo, el canto a las virtudes cívicas y la defensa de los sentimientos más nobles del ser humano alternan con relatos breves como «De los Apeninos a los Andes» y «El tamborcillo sardo», que se proponen reforzar mediante historias ejemplares las enseñanzas de pedagogía moral y amor a la nueva Italia dirigidas a los jóvenes escolares.
