### Descripción

La novela a cuya lectura le invitamos constituye un alarde de ingenio e imaginación. Red Final nos sumerge en una intensa historia que recrea un hipotético acuerdo secreto entre “Entidades Biológicas Extraterrestres” (EBES) -androides provenientes del sistema Zeta Reticuli-, y el gobierno de Estados Unidos. La traición de la que es objeto el gobierno norteamericano, así como la implicación de éste en los planes de los androides, precipita la formación de una organización supersecreta con el fin de apoderarse de la tecnología alienígena, combatir sus aviesos propósitos, y expulsarlos del planeta; así como la destrucción de sus bases subterráneas.

Ésta es, entre otras, la misión que toma a su cargo “La Cabal”, la organización supersecreta estadounidense, dirigida por Bruce Benjiro junto a su inseparable androide Pat, y el Coronel Connie Elliot, que sumen al lector en una trepidante historia donde la intriga y el suspense no dejan de estar presentes, desde las primeras páginas, hasta el desenlace final.”
