### Descripción

Un hombre en busca de sí mismo y del amor, lejos de su Irlanda natal. Una aventura vital en Londres. Una mujer desconcertante que cambiará su vida para siempre. Un pasado turbio que le persigue. Una sombra que amenaza sus vidas. Estos son los ingredientes de "El perfume de África", una aventura que nos lleva desde la Irlanda rural y deprimida de los años 80, a los pujantes años 90 de la Inglaterra más vibrante.

"El perfume de África" es, sobre todo, una historia interior, contada en primera persona desde los ojos y el alma del protagonista, Ian Ryan, y que intenta transmitir las emociones y pensamientos por los que transcurre la vida del joven irlandés como si caminásemos sobre un alambre trenzado y lleno de electricidad. Combina un peculiar estilo y una original dinámica temporal generada por la ficción, para llevarnos paso a paso hasta el sorprendente desenlace final de la historia.

Qué han dicho de ella:

- «Os hará sentir y querer descubrir, hasta llegar a un emocionante final»
- «Lo mejor está al final, es vibrante»

- «Grata novela, entretenida y muy recomendada»
- «Una historia cálida, pero con mucha aventura»
- «Te hace querer ser el protagonista y vivir esa historia de amor»
